ON THE GOLF LINKS.—Claude W. Walker defeated John D. Dunn, on the golf links Saturday in a close contest for the cup offered by the green committee. Miss Dunn won the lady's competition. A large number of contestants participated.

OXYPHANT STABBING AFFRAY.

Oscar Mesh Cut by Albert Lee and May Die.

Oscar Mesh, of Ferris street, Olyphant, seriously stabbed Albert Lee last night, and the chances for Lee's recovery are doubtful. The assailant disappeared and cannot be found.

The men had been drinking together and quarreled over the possession of a watch, when Mesh pulled a stiletto from his pocket and slashed Lee in the neck and face.

The police were notified, but before they put in an appearance, Mesh disappeared by way of several back streets and left the town. Dr. Van Sickle was called and it required ten stitches to close up the wound in Lee's neck.

The chances for the man's recovery are not good, Dr. Van Sickle thinks. The police of Olyphant are searching for the assailant.

POSTOFFICE HOURS.—The postoffice tomorrow, July 4, will be open from 8 to 9 a.m. in the general delivery, stamp and carrier departments. The money order and registry departments will be closed all day. No delivery will be made by carriers.

TOOK AN APPEAL.—The decision of Judge Acheson refusing to grant a new trial in the case of Emma A. Plummer and others against the Hillebeld Coal and Iron company and others, has been appealed to the United States circuit court of appeals by the plaintiff's attorney, S. B. Price.

TWO BALLOON ASCENSIONS.—Professor Loomis, a former member of the Eleventh United States Infantry, will make two ascensions in the city tomorrow. The first will be at the base ball park at 2:30 o'clock, and at 8:30 o'clock the second will be made from the Court House square.

CONDUCTOR INJURED.—Edward J. May, of Minerva, a conductor on Poherville on No. 7, due to a fall at 8:30 p.m., fell from his car near the power house on the Providence road last night, and his left foot caught under the wheels, badly smashing it. He was removed to the Lackawanna hospital, where five of his toes were amputated.

MIDNIGHT FIRE.—About 12:30 this morning the result of a kerosene oil lamp in the house of Patrick Kelly in the rear of Dickson avenue, Green Ridge, set fire to the building. The flames were soon extinguished, but the building was damaged before much damage was done. The building is owned by the Kelly estate.

FOREIGN SUBSTANCE FOUND.—Miss Sadie Jewell, of 621 Washington avenue, is a patient at the Moses Taylor hospital. Six months ago she was oper-

ated upon in a New York hospital, but did not recover as expected. Recently another operation was performed and a large piece of cloth was removed from the abdomen. She is now in a fair way to recovery.

THE WEATHER OF JUNE.—Weather Observer H. E. Paine has forwarded his report for the month of June to Washington. During the month there were seven days of rain, according to the record, the weather was on half degree cooler than June a year ago. We enjoyed nineteen clear days, had seven cloudy and four partly cloudy days. The prevailing wind was from the west.

ANOTHER TELEPHONE COMPANY.—A new telephone company, the Pocono Mountain Telephone company has been organized and will extend its lines between Mt. Pocono and Stroudsburg. Work has been started on the lines, and will be pushed rapidly to completion. The company will start at Tolyhoma and extend to Greenmont and Oldfield's lines, thus giving service from Stroudsburg to Lake Ariel and Hawley.

PURELY PRIVATE.—Nothing would be given out by the local telephone, Lackawanna and Warren superintendents, on Saturday, Saturday's conference with President Trudeau. When asked concerning it they said simply that there was nothing done that would be of public interest. The committees representing the conductors and trainmen will wait on President Trudeau in New York today to confer about the new schedule of rules.

EDWARDS ENDORSED.—The name of Attorney John R. Edwards, son of Judge H. M. Edwards, has been endorsed by Congressmen William Connel and Senator Bales Pearce for the appointment of supervisor of the fourth census district, comprising Lackawanna, Pike and Monroe counties, and in all probability Mr. Edwards will be appointed by President McKinley. The appointment carries with it a large number of sub-appointments as census takers and is one of the fattest plums in the gift of the district congressmen.

HUSBAND AGAINST WIFE.—W. W. Sante had a warrant issued for the arrest of his wife and her sister, Mrs. K. Sante, in Allentown, Pa. It is alleged that the women are guilty of adultery, and Sante followed them on Jefferson avenue and Green Ridge street at 10:30 and that he followed them on Jefferson for over two blocks. He states that as far as he can remember they were both of medium height and wore sack coats. He thinks that one wore a derby and the other a low, slouch hat. Further than this general description, he cannot go. He became convinced on account of their easy footstep that they had on rubber-soled shoes and this tendered to strengthen his suspicion.

WENT TOWARD GROVE.—There is a small grove at Jefferson avenue and Delaware street and the two men went toward it. Snyder went up Delaware street to meet Officer Kays whose beat includes that district. He met him about a block away and they came down together. There is no electric light on the corner of Jefferson avenue and Delaware street and this combined with the number of trees in the vicinity rendered the place very dark.

Snyder and Kays turned the corner and went up Jefferson avenue with the grove to the right, following the men into the grove and meeting them. They had reached a point about twenty-five feet distant from the corner. Snyder says, when the men emerged from the grove and started to walk in front of him. They suddenly turned, however, and came towards the officers. Snyder called out and asked what they were doing there. The man on the outside made some reply, and before anything further could be said, he fired five shots from a revolver which he must have held at his side.

The first shot struck Kays and he fell to the ground, the second struck Snyder in the shoulder and the last three went wild. The men immediately ran down Jefferson avenue with Snyder and Kays who had risen to his feet, in pursuit. Snyder first fired one shot and Kays emptied his revolver. The strain was too much for him latter, however, and he dropped at the corner. Snyder apparently lost his head and thinking that one of the men had run up Delaware street, he ran up that thoroughfare. The men had vanished and no trace of them could be seen.

ASSISTANCE SUMMONED.—The neighbors had in the meantime been aroused and rushed to the assistance of Kays. He was taken into the residence of F. H. Parrot and Drs. Arndt and Murphy were summoned. Upon their arrival they decided that Kays should be taken to the Lackawanna hospital. The ambulance was sent for and arrived upon the scene very quickly. The wounded man was removed to the hospital and Drs. Arndt and Murphy were invited to the hospital to be present at the operation.

Upon arriving at the hospital, Kays was placed upon the operating table. Dr. Gunter assisted by the hospital staff examined the wound. The bullet had entered the median line and made several perforations in the intestines. No effort was made to stop it, as Kays was too weak. The lacerations were sewed up and the patient made as comfortable as possible. It cannot be definitely stated for two or three days whether the result will be fatal or not. He was resting as comfortably as possible at the hospital last night.

Snyder's wound is only trivial and he was able to be about yesterday. He says that when the shots were fired he could get a glimpse of the man who fired them, and states positively that he could identify him. He says he looked like a Pole and was about 25 years of age. This coupled with the fact that whatever reply he made to Snyder was in a foreign dialect, gives rise to the theory that the men were foreigners.

INFERNAL MACHINE.—Early yesterday morning a piece of lead pipe, two feet long, was found upon the scene of the tragedy. Upon examination it proved to be a seat of bomb. The two ends were pinched up and a vent hole was bored in the center from which protruded a slow fuse, almost three feet in length. The pipe was filled with coarse black powder of particularly strong power. A piece of rope was tied to this, forming a loop, which would render the carrying of it very easy. The machine was in all probability, dropped by the men, but what it was intended for is a mystery.

The borough council and burgh of Dunmore held a meeting in borough hall yesterday afternoon and decided to offer a reward of \$500 for the arrest and conviction of the guilty parties. County Detective Captain is investigating the case and the police force of this city is rendering all the aid it can.

A young man by the name of Robinson was arrested on suspicion early yesterday morning and was taken to the hospital to be identified by Kays. The latter stated positively that the prisoner was not the man. Robinson was discharged, but was re-arrested later for intoxication and discharged a second time in police court yesterday morning. He had so much to say about the case that suspicion fell upon him.

OFFICERS KAYS AND SNYDER SHOT

MEN WHO WOUNDED THEM
MADE THEIR ESCAPE.

Kays is at the Lackawanna Hospital and His Wounds Are Very Dangerous—Snyder Was Shot Through the Shoulder—He is at His Home. Shooting was Done at Jefferson Avenue and Delaware Street in Dunmore Borough—Snyder's Story of the Affairs.

A murderous assault was committed upon two police officers doing duty in Dunmore borough late Saturday evening. The officers, Patrick Kays and H. L. Snyder, were following two men on upper Jefferson avenue who had been acting suspiciously when one of the latter turned and discharged the contents of his revolver at the two officers. Kays was shot in the abdomen and is at present lying in a dangerous condition at the Lackawanna hospital. Snyder was shot through the shoulder, but the wound is very slight. The guilty men are still at large and there are few clues as to their identity.

H. L. Snyder, the man who was slightly wounded, was seen yesterday by a Tribune representative and gave a very clear account of the whole affair. He is a special officer appointed by the chief of police of Dunmore, paid by the property owners in the Sixth ward, Dunmore, who are desirous of having protection at night, the Dunmore police force retiring at 11 p.m.

He says he saw two men acting suspiciously at the corner of Jefferson avenue and Green Ridge street at 10:30 and that he followed them on Jefferson for over two blocks. He states that as far as he can remember they were both of medium height and wore sack coats. He thinks that one wore a derby and the other a low, slouch hat. Further than this general description, he cannot go. He became convinced on account of their easy footstep that they had on rubber-soled shoes and this tendered to strengthen his suspicion.

HOW MRS. BROWN WAS HELPED.

I must tell you that Lydia E. Pinkham's advice at Lynn, Mass., and took her medicine and began to get well. I took several bottles of the Compound and used the Sanative Wash, and can truly say that I am cured. You would hardly know me, I am feeling and looking so well.

Lydia E. Pinkham's Vegetable Compound made me what I am.—Mrs. J. F. STRETCH, 461 MECHANIC ST., CAMDEN, N. J.

WHY HE TOOK IT.

"I took it though, increased the capacity of my shop and put on these extra men. The strike came and these men went out. I was willing to make any reasonable concession to get them to come back and when they said that if I withdrew from the Builders' Exchange they would return, I resigned from the exchange.

"This was what my enemies had been working for. Having caused me to leave the building of the exchange, they had no fighting above, and then struck their crushing blow. They hated my men who were returning to work and telegraphed to New York, calling out the men who were working for me there, hoping thereby to tie me up completely.

"This strike is being used to cloak a conspiracy to ruin me. I am not making any rash statement when I say this. The facts will be placed in the hands of my attorneys and in due time at that I assert will be fully established.

NO CONSIDERATION.

"Business Agent Knowlton came to me when I was taking the train for New York and asked me to speak to his secretary, Mr. McGuire, and ask him to come on here and settle the affair. I refused. I didn't think they deserved any consideration from me. I went to New York and got good paying work for my men. They struck on me when I was in the middle of the contract. I not only granted their demands, but resigned from the Builders' Exchange because it was obnoxious to them.

"The Rev. Francis R. Bateman was formally installed as rector of the Church of the Good Shepherd, of Green Ridge, yesterday morning by Rt. Rev. Bishop Talbot, of this diocese. Mr. Bateman has been acting as rector for the past four weeks, succeeding Rev. F. S. Valentine, who resigned.

The church was beautifully decked with flowers for the occasion and a very large congregation was present.

The Rev. Francis R. Bateman was first presented with the keys of the church by J. E. Dimmick, the senior warden of the church. This signified that the temporaries of the parish had been turned over to him. He was next presented with the book of the Bible, a prayer book and copies of the canons of the diocese and of the general convention. He was by this ceremony authorized to govern the parish according to the rules therein set down.

At the conclusion of the installation, Bishop Talbot preached an eloquent sermon, taking as his subject, "The Glorious Gospel of the Blessed God."

He stated in concluding that he was pleased at being present and at being able to devote the entire day to the parish. He said it was an important crisis in the history of the church and that he hoped better days were coming for the parish. The bishop also preached upon "Adrian, Where Art Thou?" in the evening.

The Rev. Mr. Bateman came here from Rawlings, Wyoming, where he has been in charge of a church for some time. Prior to that he was for three years the rector of the Pro-Catholic in New York city, under Bishop Potter. He is a young man of wide learning and has already made a large circle of acquaintances by his modest and unassuming manner.

MASS MEETING THURSDAY.

Strikers Side of the Case to Be Presented to the Public.

There will be a mass meeting in the armory next Thursday evening for the purpose of thoroughly presenting the strikers' side of the present difficulty to the general public.

The affair will be given under the auspices of the Building Trades council and the executive committee of that body is working hard to make a success of the meeting. J. F. McNeur the secretary and treasurer of the International Stonecutters union of America, has promised to be present and deliver an address. Mayor Blair has also consented to speak that evening. Samuel Gompers, president of the American Federation of Labor, and P. J. McGuire, secretary and treasurer of the carpenters' organization, have also invited to be present and it is thought very probable that they will speak.

The prominent business men of the city have been invited to attend and the meeting promises to be very interesting.

It has been freely stated by a number of persons that the carpenters would all be back to work before next Wednesday, as they are said to have become convinced of the hopelessness of their cause. The strike leaders yesterday pronounced these statements as foolish, and maintain that the men were never more hopeful or firm than they are now.

"The Builders' Exchange has, so far, made no attempt to confer with the strikers and the latter claim that they will stick out until the members of that body agree to a conference.

A Half Fare Tour to the Golden Gate via the Lehigh Valley Railroad.

On account of the National Educational association's thirty-eighth annual convention at Los Angeles, Calif., July 14 to 18, 1899, the Lehigh Valley Railroad will make a rate of one single fare for the round trip, plus two dollars membership fee to teachers who desire to go to California at the time named. Tickets will be on sale June 24th to July 6th, limited for return passage to September 3rd, '99 inclusive, affording ample opportunity for tours and sight seeing in the far west.
